

# Jaquenetta German Shepherd Dogs

## Eastbourne & District CS Open Show

The South of England Showground, Ardingly, West Sussex.

Sunday 20<sup>th</sup> September 2009

Dog / Bitch Judge

Mrs Jean Hiscox ( Jaquenetta )

My thanks to the Officers and Committee of the Eastbourne & District Canine Society for inviting me to judge at their show. I had a pleasing entry of 15 for 3 classes with only 3 absentees. Thank you to the exhibitors who allowed me the privilege of going over their dogs.

### Junior (3,0a)

1<sup>st</sup> Eastwood & Reilly's Antilli Hifive ( Iceman v Arlett x Antilli Xambi ). Upper medium size medium strength 8mths sable female. Good type and proportions. Medium strong head with alert expression. Good wither, back and loin firm, croup could be better angled. Shade short and steep upper arm. Good underline. Very good length of foreleg. Good hind angulation. Good gait. A little narrow in front but commensurate with age. A little raw at this stage but a very promising prospect. BPIB.

2<sup>nd</sup> Jones's Norwulf Zonda ( Tramella's Bobby x Norwulf Cherry ). Strong upper medium size well pigmented black and tan 11½mths female. Very good type. Good head with dark eyes and firm ears. Compact and well-knit but would like a little more length of foreleg at this stage of development. Slightly steep croup spoils an otherwise very good overline. Upper arm could be better laid. Ok coming and going. Balanced gait. Shown in very good body condition. Another puppy with potential.

3<sup>rd</sup> Boelema's Sharshad A Kind of Magic ( Hebahams Made To Order for Izumis x Bundaberg Bondi Babe at Sharshad ). Upper medium size strong 11½mths black and tan female. Very good pigment. Alert expression, could have a darker eye and ears a little wayward. Slightly stretched proportions. Good length of foreleg. Good overline but croup could be better angled. Shoulder a shade forward placed and upper arm could be better laid. Good hind angulation. As she is at the rangy stage in her development she is a little narrow throughout, which should improve as she ages.

### Post Graduate (7,2a).

1<sup>st</sup> Deane's Kaiobii Michiko. ( Antilli Aldo x Sollele Karley for Kaiobii ). Upper medium size and strength 19mth old female. Very good type with balanced and harmonious proportions. Alert and expressive. Dark eye and dark mask. Very good overline. Slightly short well-angled upper arm. Just

about enough length of foreleg. Good hind angles. Sound coming and going. Stands straight front and back. Well co-ordinated effortless gait.

#### BOB

2<sup>nd</sup> Pucknell's Fayrelander Waltz in Nellinka ( Ch Fayrelander Maverick x Yazz Weg Silkenwood ). Strong and substantial topline black and tan 2yrs old male shown in very good condition. Good type and proportions. Strong head with good outlook. High withers. Untidy tailset spoils an otherwise good overline. Slightly steep upper arm. Pasterns a shade under-angulated. Profuse coat gives the illusion of an over-developed chest but correct for age. Good hindquarter angulation. Ok coming and going. Good steady gait keeping a firm backline. Did not have quite the front extension on the move as the first placed, but the small ring did him no favours.

3<sup>rd</sup> Lovell's Conquell Octavia for Liebehund ( Ch Lararth Houdini x Conquell Neera ). Topsize medium strong paling black and gold 2yrs old female. Very good type with very good proportions. Medium strong head with dark eye and alert expression. Well-defined withers. Good overline spoiled by wavy hair over the croup. Upper arm of good length but could be better laid. Very good length of foreleg. Good hind angulation. A little close going and a little narrow coming. Good balanced gait, gained a place on her movement.

4<sup>th</sup> Harrison's Kemijoco Helena ( Sagaro Gucci x Kemijoco Eternity ). Strong upper medium size well-pigmented black and tan 3yrs old female. Medium strength expressive head and dark eye. Normal withers, firm back and loin into slightly steep well-moulded croup which appeared short due to untidy tailset. Slightly steep upper arm. Foreleg good length, pasterns slightly steep. Good hindquarter angulation. Toes in a shade coming, ok going. Good balanced, well-co-ordinated gait but front reach could be freer.

5<sup>th</sup> Bradshaw's Elmadaban Dance with Wolves ( Elmadaban Moran Warrior x Elmadaban Elsa's Gold ). Strong upper medium size black and tan 3½ years old female. Good pigmentation. Good type and proportions. Lack of stop spoils head and expression. Well defined withers, good overline. Slightly steep upper arm. Sufficient hind angulation. Stands a shade wide in front. Toes in coming ok going. Balanced gait keeping a firm back and loin on the move. Shown lacking furnishings which affected the overall outline of the bitch.

#### Open (5,1a)

1<sup>st</sup> Eastwood & Reilly's Antilli Axel ( Bravos v Steffen Haus x Antilli Sindy ) Large and strong well-pigmented black and tan 4yrs old male. Very good type with good proportions. Strong expressive head. Good wither, firm back and loin into well-moulded croup. Good fore and hind angulations. Good length of fore leg. Stood a shade narrow in front. Close going ok coming. Good gait. Another that would have benefited from a larger sized ring.

2<sup>nd</sup> Pucknell's Nellinka Winter Reflection ( Ch Fayrelander Maverick x Maleeze Golden Girl at Nellinka ). Medium size strong black and gold 4yrs old compact and well-knit female. Would like a more typical head and expression. Good overline. Correct front angulation but lacking length in fore leg. Good hind angulation. Stands correct front and back views. Ok

coming a little wide going. Well co-ordinated effortless gait but could be more ground covering.

3<sup>rd</sup> Bradshaw's Elmadaban Alaskan Star ( Elmadaban Moran Warrior x Elmadaban High Hopes Dream ). Medium strength topline black and gold 4yrs old male. A little short in proportions. Medium strong head with good expression. Normal wither, croup a little steep as is the upper arm. Good hind angulation. Ok coming and going. Gaits with purpose.

4<sup>th</sup> Nolcini's Nolmacdon Moonlight Bay ShCM ( Linsdown Utah of Nolmacdon JW ShCM x Merjeedi National Velvet of Nolmacdon JW ShCM ). Medium size and strength black and tan 5½ yrs old female. Good head and expression. Slightly stretched proportions and lacks length in fore leg. Upper arm a little short and could be better laid. Firm back and loin into a well moulded croup which could be better angled. Would like a shade shorter second thigh. Ok coming, a little wide away. Steady gait. Shown in good condition.
